Children's Mental Health Program Fact Sheet

Background	In December 2006, the Department of Medical Assistance Services (DMAS) applied for and was later awarded a demonstration grant to design a program that will allow states to offer home and community-based services for children who reside in a Psychiatric Residential Treatment Facility (PRTF). PRTFs are the primary provider for youth with serious mental health issues requiring an institutional level of care. Until the release of this grant, states were not allowed to have waivers that used PRTFs as an alternate institution. Virginia was one of 10 states chosen to implement a program to allow children who need a PRTF level of care, to receive services in their community.		
Purpose	To provide community based services for children and adolescents with serious emotional disturbances.		
Who is Eligible?	 Children and adolescents under the age of 21 who: Have been in a PRTF for at least 90 days; Have a psychiatric diagnosis; and Remain eligible for Medicaid after they leave the PRTF. 		
Forms Needed	 Current CAFAS Comprehensive Service Plan (CSP) or IFSP Medical and Psychological Evaluations Choice Form Individual Service Plans 		
Enrollment Process	 CSA or CSB meets with child/family to offer choice and determine eligibility If CMH services are chosen, Transition Coordinator is chosen to assist with enrollment process Complete Medicaid eligibility documents for redetermination Notify PRTF of desire to obtain waiver services CSP and Individual Service Plans (ISPs) for specific services will be submitted to DMAS for review All services must be preauthorized Individual will be admitted to the waiver based on their date of application for the waiver
